

Stanford University School of Medicine
Division of Epidemiology, Department of Health Research & Policy

Assistant Professor / Associate Professor (Tenure Line)

The Stanford University School of Medicine seeks highly qualified candidates for a full-time tenure line faculty position in the Division of Epidemiology, Department of Health Research & Policy. The predominant criterion for appointment in the University Tenure Line is a major commitment to research and teaching. We seek outstanding applicants with demonstrated research excellence in aspects of population science epidemiology. We particularly encourage early and midcareer applicants, appropriate for appointment at the Assistant or Associate Professor level, depending on qualifications and experience. The successful candidate will develop a nationally recognized program of research and participate in the graduate teaching of epidemiology. Qualified applicants should send (1) a letter that describes research and career interests, (2) a curriculum vitae, and (3) three letters of reference to:

Lorene Nelson, PhD, Chair, Epidemiology Faculty Search Committee
c/o Jessica Negrette, Department of Health Research & Policy
