

EpiMonitor

Epidemiology for epidemiologists

The Upcoming Year In Epidemiology - 2023

We are pleased to present our annual calendar of worldwide epidemiology and biostatistics events. As always, these events are categorized as conventions/meetings, short courses, and Summer/Winter programs. The list is built based on submissions from the sponsoring entities, events that have been historically listed in our calendar, and web searches to find new events to add to the list. While the bulk of the events are run in North America, there are events exciting places like Dubai, Taiwan, and Belfast.

Our 2023 calendar provides evidence of the big changes in our field and around the world. The vast majority of the 136 events currently have firm dates and most are being held in person. This is an exciting development as two years ago events were being cancelled right and left and those that were running were mostly virtual events. Last year we were only able to list 103 events due to problems related to COVID-19, including travel restrictions in various parts of the world.

While we make a concerted effort to unearth events, we often miss some that should have been added. If you are hosting an event that you would like included in the web based version of our calendar please submit [here](#) and we will add it to our [Events page](#). That will also ensure that we will search for it when we build the 2024 calendar. **A special note for summer programs:** while your events are listed here, our February issue will be focused on your programs and we need additional information from you. Please contact michele@epimonitor.net so we can update your program profile.

Look forward to seeing you in 2023!

Number
Twelve

January 2023

January 3-6

Short Course: Applied Epidemiology and Public Health Surveillance Training

Sponsor: Emory University

Location: Atlanta, GA

Contact: Web: <https://bit.ly/3V1KaEA>

January 3-11

Winter Program: Public Health Exchange Winter Institute

Sponsor: Boston University

Location: Virtual

Contact: Web: <https://bit.ly/3GGTebe>

January 4-20

Winter Program: Johns Hopkins Winter Institute

Sponsor: Johns Hopkins University – Bloomberg School of Health

Location: Baltimore, MD

Contact: Web: <https://bit.ly/2JlalaT>

January 9-20

Short Course: Selected Topics in Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3EYYZQY>

January 9 – February 17

Winter Program: EpidM Winter Program 2023

Sponsor: VU Medical Center - Dept of Epidemiology

Location: Amsterdam & Soesterberg, The Netherlands

Contact: Web: <https://bit.ly/2JKo72k>

January 16-20

Short Course: Introduction to Epidemiology

Sponsor: University of Bristol

Location: Virtual

Contact: Web: <https://bit.ly/3oW8LOW>

January 16-21

Winter Program: Swiss Epidemiology Winter School

Sponsor: Institute of Social & Preventive Medicine - Bern

Location: Wengen, Switzerland

Contact: Web: <https://bit.ly/3qunYrg>

January 17-18

Conference: World Congress on Public Health, Nutrition & Epidemiology

Sponsor: Research Leagues

Location: Bacolod City, Philippines

Contact: Web: <https://bit.ly/3BN8f1C>

January 23-27

Short Course: Clinical Translation of Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3EXH90i>

January 30 – February 3

Summer Program: Summer Program 2023

Sponsor: Australian Consortium for Social & Political Research

Location: Melbourne, Australia

Contact: Web: <https://bit.ly/3NUj68u>

January TBA

Short Course : Epidemiology for Clinicians

Sponsor: University of Southampton

Location: Southampton, England

Contact: Web: <https://bit.ly/2D3A8hU>

February 2023

February 6-7

Conference : International Conference on Molecular Epidemiology and Evolutionary Genetics of Infectious Diseases

Sponsor: WASET

Location: New Dehli, India

Contact: Web: <https://bit.ly/3BGSwKY>

February 6-10

Short Course : Using R For Decision Modeling in Health Technology Assessment

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3FDOYu8>

February 6-10

Short Course : Introduction to Genome-Wide Association Studies

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3HW40hs>

February 6-17

Summer Program: Public Health Summer School

Sponsor: University of Otago

Location: Wellington, New Zealand

Contact: Web: <http://bit.ly/2sTfuhj>

February 13-17

Winter Program : Winter School in Clinical Epidemiology

Sponsor: UMIT

Location: Tirol, Austria

Contact: Web: <https://bit.ly/3IRZeDf>

February 19-23

Conference : 29th Conference on Retroviruses and Opportunistic Infections (CROI)

Sponsor: International Antivirus Society-US / CROI

Location: Seattle, WA

Contact: Web: <https://bit.ly/3UoaR6P>

February 22-28

Short Course : Genetic Epidemiology

Sponsor: University of Bristol

Location: Virtual

Contact: Web: <https://bit.ly/3GK6l61>

February 23-24

Conference : 2023 Health Datapalooza

Sponsor: Academy Health

Location: Arlington, VA

Contact: Web: <https://bit.ly/3FDjNPJ>

February 27 – March 1

Short Course : Competing Risks and Multi-State Models

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3PBbjlv>

February 27 – March 3

Short Course : Environmental Health Risk (formerly Analyzing Risk)

Sponsor: Harvard University

Location: Virtual

Contact: Web: <https://bit.ly/3UnGnBQ>

February 28 – March 3

Conference : Epi Lifestyle Scientific Sessions - 2023

Sponsor: American Heart Association

Location: Boston, MA

Contact: Web: <http://bit.ly/2P1uouz>

March 2023

March 6-10

Short Course : Intensive Course in Applied Epidemiology

Sponsor: University of Aberdeen

Location: Aberdeen, Scotland

Contact: Web: <http://bit.ly/33XqJSJ>

March 6-10

Short Course : An Introduction to the Analysis of the Next-generation Sequencing Data

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3v2gRXS>

March 12-14

Conference : 47th Annual Conference - Am Society of Preventive Oncology

Sponsor: ASPO

Location: San Diego, CA

Contact: Web: <http://bit.ly/34XZw3L>

March 13-17

Short Course : Advanced Clinical Trials

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/320OvIT>

March 14-17

Conference : 29th International Symposium on Epidemiology in Occupational Health – EPICOH 2023

Sponsor: International Commission on Occupational Health

Location: Mumbai, India

Contact: Web: <https://bit.ly/3UIOSgX>

March 16-17

Conference: 96th Annual Meeting - American Epidemiological Society

Sponsor: AES

Location: Nashville, TN

Contact: Web: <http://bit.ly/353kNZY>

March 20-21

Conference : 4th World Congress on Public Health, Epidemiology & Nutrition

Sponsor: Allied Academies

Location: Paris, France

Contact: Web: <https://bit.ly/3hGMMdj>

March 20-23

Conference: Preventive Medicine 2023

Sponsor: American College of Preventive Medicine

Location: New Orleans, LA

Contact: Web: <https://bit.ly/3WmKuPD>

March 20-24

Short Course: Implementation Science

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3G4aTMv>

March 20-24

Short Course: Causal Inference for Assessing Effectiveness in Real World Data and Clinical Trials

Sponsor: UMIT

Location: Tirol, Austria

Contact: Web: <https://bit.ly/32uyVPE>

March 20-24

Short Course: Epidemiology In Complex Emergencies for Effective Surveillance & Response

Sponsor: Merieux Foundation

Location: Veyrier-du-Lac, France

Contact: Web: <https://bit.ly/3BJEbNX>

March 22-24

Conference: Annual Meeting - Society for Veterinary Epidemiology

Sponsor: SEVPM

Location: Toulouse, France

Contact: Web: <https://svepm2023.org>

March 27-28

Short Course: 11th Annual Workshop to Increase Diversity in Mathematical Modeling & Public Health

Sponsor: Harvard SPH & MIDAS Coordination Center

Location: Boston, MA

Contact: Web: <https://bit.ly/3G1D3HT>

March 27-31

Short Course : Psychopharmacology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/2zSUnwy>

March 27-31

Short Course : Advanced Decision Modeling

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3G3VhZr>

March 28-30

Short Course : Positive Culture Framework Training

Sponsor: Montana State University

Location: Charlotte, NC

Contact: Web: <https://bit.ly/3HQndkZ>

July 11 – 29

Summer Program: 56th Summer Session in Epidemiology

Sponsor: University of Michigan

Location: Ann Arbor, MI

Contact: Web: <https://bit.ly/2QnqkHv>

July 24-28

Conference: Integrative Molecular Epidemiology Workshop

Sponsor: American Association for Cancer Research (AACR)

Location: Boston, MA

Contact: Web: <https://bit.ly/3G2Vz2P>

July TBA

Summer Program: 31st International Summer School of Epidemiology at Ulm University

Sponsor: Ulm University

Location: Ulm, Germany

Contact: Web: <http://bit.ly/38Agng0>

July TBA

Summer Program: Summer Institute of Advanced Epidemiology & Preventive Medicine

Sponsor: Tel Aviv University

Location: Tel Aviv, Israel

Contact: Web: <http://bit.ly/2WO6wOg>

July TBA

Summer Program: Annual RAND Summer Institute

Sponsor: Rand Corporation

Location: Santa Monica, CA

Contact: Web: <http://bit.ly/2RB5xja>

August 2023

August 3-4

Conference: 7th International Conference on Public Health (ICOPH 2020)

Sponsor: Multiple

Location: Kuala Lumpur, Malaysia & virtual

Contact: Web: <http://bit.ly/356q2In>

August 5-10

Conference: JSM 2023 (Joint Statistics Meeting)

Sponsor: American Statistical Association

Location: Toronto, Canada

Contact: Web: <https://bit.ly/3HF6IYM>

August 8-26

Summer Program: Erasmus MC Summer Program

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/38pSFIY>

August 8-12

Short Course: Principles of Research in Medicine and Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3pVSNDh>

August 8-12

Short Course: Principles of Genetic Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3pYjt6k>

August 8-12

Short Course: Advances in Clinical Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3pWfN4V>

August 8-12

Short Course: History of Epidemiologic Ideas

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/327ATVW>

August 15-19

Short Course: Causal Inference

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3ILLQx4>

August 22-26

Short Course: Social Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3pV8MI0>

August 22-26

Short Course: Practice of Epidemiologic Analysis

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3pUSXus>

August 22-26

Short Course: Data Science in Epidemiology

Sponsor: Erasmus MC

Location: Rotterdam, The Netherlands

Contact: Web: <https://bit.ly/3E1IH8Y>

August 23-27

Conference: ISPE Annual Conference

Sponsor: International Society for Pharmacoepidemiology

Location: Halifax, Nova Scotia, Canada

Contact: Web: <https://bit.ly/3mXQ4qe>

September 2023

September 12-13

Conference: Swiss Public Health Conference 2023

Sponsor: University of Bern

Location: Bern, Switzerland

Contact: Web: <https://bit.ly/3C0IFjk>

September 12-15

Conference: 11th Southeast Asia and Western Pacific Bi-regional TEPHINET Scientific Conference

Sponsor: SAFETYNET & Australia National University

Location: Canberra, Australia

Contact: Web: <https://bit.ly/3PBGvME>

September 17-20

Conference: 35th Annual Conference of the Intl Society of Environmental Epidemiology

Sponsor: ISEE

Location: Kaohsiung, Taiwan

Contact: Web: <https://bit.ly/3PANSnA>

September 20-22

Conference: 2023 CityMatch Leadership & MCH Epi Conference

Sponsor: CityMatch

Location: New Orleans, LA

Contact: Web: <http://bit.ly/35hZRhG>

September 24-27

Conference: 17th Vaccine Congress

Sponsor: Elsevier

Location: Glasgow, Scotland

Contact: Web: <https://bit.ly/3huUxTC>

September TBA

Conference : American College of Epidemiology Annual Conference

Sponsor: ACE

Location: Charlotte, NC

Contact: Web: <https://bit.ly/3BMHkMR>

FIFTEEN OPEN FACULTY POSITIONS IN EPIDEMIOLOGY

The Department of Epidemiology and Environmental Health, in the School of Public Health and Health Professions (SPHHP) at the University at Buffalo (UB) is excited to announce openings for fifteen (15) full-time faculty. The positions are **all fully funded by New York State** and are calendar year (12-month) positions in our Graduate Public Health Program. The successful candidates will join a University-wide multidisciplinary team of public health faculty and be part of the Department of Epidemiology and Environmental Health. Detailed information about each position can be found below and on our website: www.ubjobs.buffalo.edu.

◆ **New Center for Climate Change and Health Equity**

- Number of positions: 5
- Posting number & link: F220199 www.ubjobs.buffalo.edu/postings/38164
 - ◆ **One director position:** to lead the new center
 - ◆ **Full/Associate Professor (tenure eligible)** with funding and a history of leadership in areas including health effects of climate change such as environmental epidemiology, climate science, modeling, and environmental justice/health disparities.
 - ◆ **Four Full/Associate Professor (tenure eligible)** positions: senior leadership team for new center
 - ◆ To work with the center director and team of interdisciplinary faculty from within the department and across the university to write proposals and develop the center
 - ◆ Candidates should have funding and expertise in the health effects of climate change including environmental epidemiology, climate science, modeling, and environmental justice/health disparities.

◆ **Maternal/Child Health; Perinatal/Reproductive Epidemiology Research**

- Number of positions: 2
- Posting number & link: F220199 www.ubjobs.buffalo.edu/postings/38164
- **Two Assistant/Associate Professor (tenure track)** positions
 - ◆ Primary focus on research with contributions to teaching and service missions of the SPHHP

◆ **Ageing Research (including, but not limited to, frailty, cancer, women's health, cognition/dementia)**

- Number of positions: 2
- Posting number & link: F220239 www.ubjobs.buffalo.edu/postings/38791
- **Two Full Professor (tenure eligible)** positions with funding and a history of leadership in ageing research. We are keenly interested in candidates with established research teams and welcome team member applications to our Asst/Assoc level posting below.

◆ **Health, Infectious or Chronic Disease, Aging, Cancer, Women's Health, Health Disparities and/or Advanced Epidemiologic Research**

- Number of positions: 6
- Posting number & link: F220199 www.ubjobs.buffalo.edu/postings/38164
- **Six Assistant/Associate Professor (tenure track)** positions
 - ◆ Primary focus on research with contributions to teaching and service missions of the SPHHP

Candidates must have a doctoral degree (PhD, MD, DDS, PharmD, etc.) in a public health discipline or a related field.

Candidates **must** apply through the UB Online system at www.ubjobs.buffalo.edu. Applications will be considered as they are received. For best consideration, please apply as soon as possible. Questions about any of the positions can be directed to: Jennifer Forgnone at forgnone@buffalo.edu.

**Sinai
Health**

**Lunenfeld-Tanenbaum
Research Institute**

Principal Investigator in Data Science and Health Research

The [Lunenfeld-Tanenbaum Research Institute](#) (LTRI) of Sinai Health System, a University of Toronto affiliated research centre, is seeking an emerging leader in the broad area of **Data Science and Health Research**. The appointment will be for a Principal Investigator, rank equivalent to Assistant Professor, with the anticipated starting date of September 1, 2023. We seek applicants that will develop independent, outstanding and innovative programs in Data Science with a specific focus on applications to health research. Topic areas include, but are not limited to: genomics, epigenomics, transcriptomics, proteomics metabolomics, pathogen genomics, statistical genetics, epidemiology, risk prediction modeling, data linkage, bioinformatics, quantitative biomedical image analysis, machine learning analytics and artificial intelligence application in health science for a wide range of complex diseases.

Education and Experience Requirements

Candidates must hold a PhD, ScD or equivalent doctoral degree, with postdoctoral experience and an established record of research accomplishment as demonstrated by outstanding publications, presentations at major international conferences, awards and accolades, as well as strong endorsement by referees of high international standing. A track record of securing external funding and interests and experiences in cross-disciplinary collaborations is an asset. The successful candidate will be expected to initiate and lead an innovative, independent, and externally funded, research program of the highest international calibre.

We offer competitive salary and start-up packages commensurate with experience and qualifications (Illustrative range between \$140,000 to \$160,000) as well as a full health benefit package

Full position information is available here: <https://bit.ly/3C6H8II>

Advantages of a Fellowship at the NCI: Division of Cancer Epidemiology and Genetics

Explore opportunities in Epidemiology, Biostatistics, Genetics

Fellows are the NCI's Division of Cancer Epidemiology and Genetics work with the world-class scientist to explore the environmental causes of cancer and new approaches to its prevention

Our research includes:

- Biostatistics
- Clinical Genetics
- Genetic Epidemiology
- Health Disparities
- Hormonal and Reproductive Epidemiology
- Infection and immunopidemiology
- Nutritional Epidemiology
- Occupation and environmental epidemiology
- Radiation Epidemiology
- Translational Genomics

At NCI, we offer a range of predoctoral and postdoctoral fellowship with personalized mentoring, as well as specialized training partnership with several schools of public health. As a DCEG fellow, you are supported as you take on challenges that enable you to grow both scientifically and professionally.

- Design, carry out, analyze, and publish population, family and laboratory-based studies
- Gain experience in:
 - Diverse study design
 - Novel analytics techniques
 - Genomics and informatics
- Build Skills in:
 - Molecular epidemiology
 - Grant writing
 - Professional communication and networking

Discover what NCI has to offer you – come work with some of the most committed scientist you will ever meet.

Tenure-Track Assistant Professor - Epidemiology

The Joseph J. Zilber School of Public Health (Zilber School) invites applications from outstanding candidates for a tenure-track Assistant Professor position in Epidemiology. We seek an innovative scholar and educator with strong methodological expertise to support our mission of advancing population health, health equity, and social and environmental justice through education, research, community engagement, and advocacy for health-promoting policies and strategies. Candidates from all areas of epidemiology will be considered with priority given to candidates with research and teaching interests in social epidemiology and/or infectious disease epidemiology. Scholars who conduct translational or community-engaged research connecting epidemiology to public health practice or policy are especially encouraged to apply.

This position is a 100% hard-funded tenure-track 9-month academic year appointment with competitive salary, attractive benefits, three course per year teaching load, research incentives and start-up package, with ability to generate summer salary.

The candidate must possess a doctoral degree in Epidemiology by the time of appointment and have a track record of independent epidemiological research commensurate with years of experience. Preference will be given to candidates with research and/or teaching expertise in social epidemiology, infectious disease epidemiology, translational or community-engaged research connecting epidemiology to public health practice or policy, and/or strong skills in advanced epidemiological methods.

Full information available here: <https://bit.ly/3Q2PLJL>

Assistant / Associate Professor - Epidemiology

Loyola University Chicago (LUC), Parkinson School of Health Sciences and Public Health invites applications for a full-time tenure-track or tenured epidemiology position at the rank of Assistant or Associate Professor in the Department of Public Health Sciences. This position is a 12-month appointment.

Parkinson School Highlights

Loyola University Chicago's Parkinson School of Health Sciences and Public Health (est. 2019) is an innovative new school committed to applying an entrepreneurial philosophy of educational excellence, research, and service as a means to achieve the goals of improving human potential through the health sciences and the promotion of health equity.

The Parkinson School is the academic home to four departments (Applied Health Sciences, Healthcare Administration, Health Informatics and Data Science, and Public Health Sciences), the Center for Health Outcomes and Informatics Research ([CHOIR](#)), the Center for Health Innovation and Entrepreneurship (CHIE), Loyola's participation in the Institute for Translational Medicine ([ITM](#)) and the COVID Equity Response Collaborative ([CERCL](#)).

We are looking for a candidate with an innovative research and teaching agenda, who will enhance our epidemiology core and complement or deepen our current department strengths in population-based and population health research areas including but not limited to: Chronic and Infectious Disease Epidemiology, Nutrition Epidemiology, Genetic Epidemiology, and Modern Epidemiological Methods. Strong candidates will demonstrate in their areas of expertise evidence of, or potential to, contribute to advance knowledge on health equity and translational research. The candidate's ability to work collaboratively across disciplines and in teams will be considered. The ideal candidate also must be able to meet rank and tenure guidelines at the Assistant/Associate Professor level.

Epidemiology's Summer Institute
at
Columbia University

Columbia University's Department of Epidemiology launched a successful summer institute, episummer@columbia, in 2011 that provides opportunities to gain foundational knowledge and applied skills for advancing population health research. Intensive short courses are offered in either synchronous or asynchronous formats. Each year approximately 30 courses are offered to over 500 attendees. Registrants can choose from an overview of epidemiology to specialized courses on epidemiological methods, statistical programming languages, infectious disease modeling, and topics from nutrition to police violence.

EARLY DISCOUNTS AVAILABLE UNTIL
APRIL 1, 2023
REGISTRATION OPEN THROUGH
MAY 1, 2023

K12 Career Development Opportunity

The **UCSF-Kaiser Permanente Urological Epidemiology Research Career Development Program (UCSF-KPNC UroEpi)** is seeking a highly qualified, motivated MD, PhD, or comparable doctoral degree in early faculty or final year post-doctoral positions. The UroEpi Program seeks to :

- ▶ Recruit individuals committed to becoming an independent clinical researcher in the epidemiology of benign urological conditions at Kaiser.
- ▶ Develop Scholars' proficiency in epidemiology, research field methods, research ethics, leadership, manuscript preparation, and grantsmanship
- ▶ Individualize each scholar's career development plan according to his or her background and future career goals.

The awardee will devote at least 50-75% effort to conducting research on non-cancerous urologic conditions and research career development. Other research and clinical activities will be identified to support a 100% position.
