## 29 More FREE Books

### **Editor's Note:**

This month's book list comes to us from Dr. Kiumarss Nasserri who is making some space in his personal library. The books themselves are free but he is asking for \$23 to cover boxing & postage for 1-3 books (based on size). If you are interested in obtaining any of these titles please contact Dr. Nasserri directly at: [qnasserri@west.net](mailto:qnasserri@west.net)

We are also interested in publishing book reviews. If you have a new book that you have read or written that you believes deserves to be seen by a wider audience please send us the information you have on it. If you're interested in reviewing books for the EpiMonitor, just drop us a line and we'll start a discussion to see what we can work out.
